Success at University

University is a very important part of a person’s life.

Success at university can lead to a good job. If you want to at university, you will have to do several things. There are many ways to get help. If you are having trouble managing your time, you can ask your teacher to you to a student advisor. To high scores, you need to study.

It is your to study hard and fulfill

all the of your course. It is too late just before the final exam to

..... that you have not studied hard enough. If you do all these things, you will be

..... and will be able to enter your chosen faculty. Don’t waste this great

..... you have been given!
